

## ASSARAIN BRINGS QUALITY TO SOHAR AND AL-BATINAH REGION!

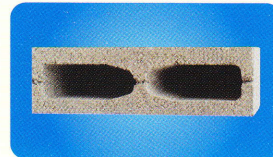

### MCP Concrete Products

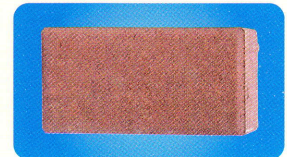

- High Dimensional Accuracy - No Wastage of Plaster

- Perfect Cement / Material Mix - No Water Seepage

- Latest Technology - Dense & High Strength Blocks

- Superior Quality - No Wastage/Perfect Corners/Long Lasting

Over many years, Assarain has provided Building Blocks, Interlock Pavers, Kerbstone and designer patterned tiles of the highest possible quality at a very competitive pricing. Hard landscaping is of course a window to the image of a house, a villa or a large project. Similarly, MCP's high quality Building Blocks provide strong, long lasting structures. Realizing that there is a very big gap in the required quality, finish and strength with respect to current supplies in the Sohar & Al Batinah region, Assarain once again has come to the service of the people of Sohar & Al Batinah region by putting up a state of the art, fully automatic, high capacity German plant with absolutely high technology and proven curing technique based on the latest technology available across the world.

Our plant specifications are geared to produce high quality concrete products with high strength, density, good finish and precise dimensional consistency. Hence, Assarain brings the following benefits to your doorstep :-

- High quality
- Great choice and magical designs
- Variety of colours
- Fully automated plant
- Professionalism
- Timely supplies
- Reliability
- Value for money
- High quality after sales service

We welcome Sohar and the entire Al Batinah region citizens to come to Modern Concrete Products and choose from all types of Interlocking Tiles, Building Blocks & many such concrete products.
