

# SLATE

Modern Concrete Products LLC (MCP), a member of the Assarain Group and a well established concrete products manufacturers in Al Batinah region is now very popular among its various customers, government bodies and contracting community in the entire Sohar region, Al Batinah region and many other parts of the Sultanate of Oman.

Honoured by the patronage it receives from its valued customers, MCP has brought in new designs with great functionality and flexibility. For any type of landscaping wherein light to medium to heavy traffic movement is there, MCP has come up with its new design called "Slate".

In larger size pattern, Slate gives an eye-catching design and a classic coordinated finish while landscaping roadside pavements, corniches, beachfronts, etc. Slate provides the pavements long life and low maintenance and it provides any designer with an infinite design capability with its variety of colour and combination when used in various pattern layouts. Slate offers both decorative and functional possibilities. Slate with its large size enhances the character and adds an eye-catching finish thereby providing stunning visual impacts and originality to the area.

Slate design is ideal for precincts, parks, municipal areas, roadside pavements, etc. When used with vivid colours to create any interior or exterior design feature, Slate can ideally be used in the following areas:
