

At ACP, we constantly endeavour to develop new concepts, designs and product ranges to offer our customers a wide variety of choices to select from. No wonder then, that ACP is the leading manufacturer of interlocks, paving tiles, kerbstones and patterned tiles in the Sultanate of Oman. The Najmah Galaxy is a new addition to our extensive product line.

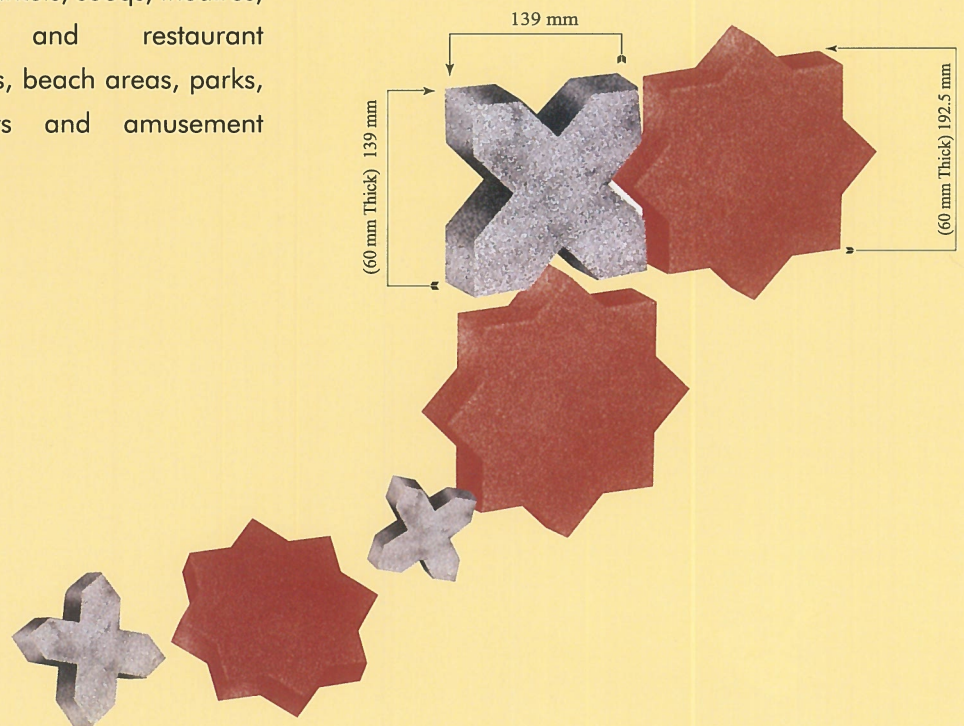

A combination of two shape unique designs, the Najmah Galaxy is available in a choice of vibrant colours, that when used in different combinations, can create a variety of beautiful and intricate patterns. In fact, it provides a virtual kaleidoscope of unique designs suitable for modern floorings.

The Najmah Galaxy is manufactured at our state-of-the-art plant using the latest technology. Strict quality control measures ensure that our products conform to international standards.

The Najmah Galaxy is perfect for villas, sit-outs, rooftops, supermarkets, souqs, theatres, hotels and restaurant outdoors, beach areas, parks, walkways and amusement centres.
