

RUBIC

INNOVATIVE DESIGNS FOR PAVEMENTS

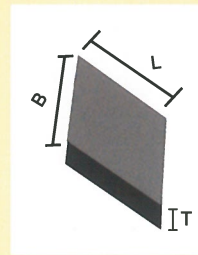

As part of ACP's constant obligation to its valued customers, new designs have always been added to the available design alternatives with ACP .

Rubic, as the name suggests, evolves into an array of designs by way of intelligent choice of coloured tiles or laying patterns.

RUBIC can very easily be used to beautify many areas such as:

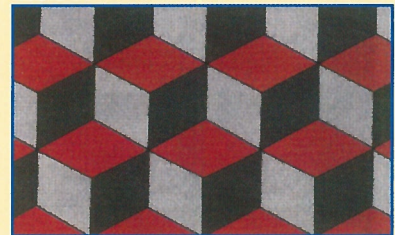

- Roads - Side and central pavements or walkways, Parks, amusement centres, public sit-outs, Villas, and roof sit-outs
- Souqs, Hypermarkets, Theatres, Hotels & Restaurant outdoors etc.
- Port areas, Beach areas, Corniches, Airports, Cargo complexes
- Storage depots and Industrial areas, Warehouses, Bridge deck sides
- Container depots, Parking areas, Mosques, Exhibition grounds
- Workshops, Abattoirs etc.

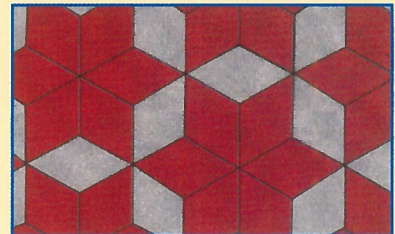

Size (Dimension in mm)

Length	Breadth	Thickness
200	200	60
